## Experience

---

### CarGurus, Boston, MA

June 2024 - August 2024

*Security Operations Intern*

- Analyzed 2 cloud security tools for effectiveness, culminating in a company-wide presentation of findings.
- Utilized LINQ to create an alert in Devo, effectively replacing and improving upon a previous alert with false positives by analyzing existing security alert data to identify patterns and weaknesses.
- Implemented a Python script to automate queries against the HaveIBeenPwned API, enabling proactive identification of compromised corporate credentials.
- Documented post-incident remediation meetings, shadowed tabletop incident response scenarios, and triaged security alerts.

### Creative Services, Inc. Mansfield, MA

June 2023 - December 2023

*Public Records Investigator*

- Executed criminal background checks across three states.
- Solicited professional references via cold calls.

### Northeastern University, Boston, MA

September 2022 - December 2022

*Teaching Assistant for Programming with Data*

- Supported a weekly lab of 25 students, serving as a Technical Advisor by providing guidance on their projects
- Led weekly office hours, offering personalized assistance to students on assignments and labs.

### Port Summer Show, Port Washington, NY

June 2022 - August 2022

*Production Stage Manager*

- Led a crew of 10+ members and facilitated communication between student actors and adult staff.
- Organized and created comprehensive spreadsheets and documents containing vital show information.

## Extracurricular Involvement

---

### Silver Masque Theatre Company

December 2023 - May 2025

*Technical Director*

- Implemented lighting and sound designs for biweekly performances, supporting various types of acts and plays.
- Instructed and led a 7-member crew on all backstage and technical operations.

### NU Shakespeare Society

December 2021 - December 2023

*Technical Director*

- Led all technical operations for productions, from rehearsals and safety protocols to hands-on support for various roles.
